

## PRODUCT DATA SHEET

**Product Name:** MOULD GONE bio-clean gel

**Size:** 75g

**Code:** 630-004

### Description:

- Kills 99% of airborne mould, bacteria, fungus, and spores.
- The non-corrosive formulation is specially developed for enclosed areas prone to high humidity, helping protect and maintain interiors and contents.
- The water-based gel evaporates into the air and spreads throughout the entire indoor air space. As the product comes into contact with microbes, either in the air or on soft or hard surfaces, it causes the germs to die by stopping bacteria from reproducing and mould from receiving oxygen, eliminating their ability to grow and reproduce.
- The product works best and has the widest effect when used with a fan or an air conditioning system.

### Ingredients:

SAN-AIR proprietary essential oils, purified water, natural binding agents.  
Contains no petroleum based ingredients.

### Specifications:

Dimensions: 60 x 60mm  
Shelf Life: 2 years (store at 19-30°C)  
Lifespan: 6-8 weeks (once opened)  
Air Volume: Up to 1200 L/s; 50-100m<sup>2</sup>

### Validations:

- Food safe certification
- Helps comply with ASNZ 3666.4
- Species used to prove broad spectrum efficacy:
  - Micrococcus Luteus
  - Staphylococcus Capitis
  - Staphylococcus Hominis
  - Escherichia Coli
  - Staphylococcus Aureas
  - Pseudomonas Aeruginosa
  - Aspergillus Niger (Mould)
  - Listeria Monocytogenes
- Kills 99% of fungicidal and sporicidal activity

### Applications:

- Enclosed spaces such as homes, workplaces, cars, storage units
- Commercial buildings, large offices, hospitals, cool rooms, museums, schools, glasshouses
- Air conditioning systems and air handlers

### Directions for use:

- Remove lid, peel seal off and replace lid.
- Place in room or enclosed area. Ideally place where there is accelerated air flow by use of a fan, air handler or air conditioning unit.
- Suggested locations are: Bathroom, laundry, wardrobe, cupboard, sports bag, garage, storage unit, areas with high concentration of people or animals

### Features & Benefits:

- Easy to use; fast acting
- Improved air quality
- Anti-bacterial; anti-mould
- Cost effective
- Safe to breathe; safe to touch
- No harsh chemicals
- Pet friendly; plant friendly
- Non allergenic
- Food safe certification
- 24/7 protection
- Long lasting
- Biodegradable & sustainable
- Independently validated
